

E-Clear

AirConnect APP USER GUIDE

What is Air Connect? NEW CUSTOMERS

The air connect cloud based monitoring system benefits EClear's customers by providing them with detailed information about the performance and operation of their EClear water sanitizer in real time.

Through the cloud based monitoring system, customers can view their current water sanitization state, receive notifications when maintenance is needed, track system performance over time, and receive personalized recommendations on how to optimize their system.

With this insight, customers can ensure they have complete control over their EClear water sanitization system and can take the necessary steps to ensure their water is safe and healthy at all times.

If the customer chooses, eclear will take remote electronic control of their E-Clear system so as to maximize the efficiency of their system

IT IS A SET AND FORGET SYSTEM

As a customer your only task is to test and enter the copper residual in the eclear app weekly.

WE WILL DO THE REST!

NO need to train staff or even read the user manuals.
E-Clear will take full control of your system.

Thereafter monitoring any system faults and consumable parts usage.

This is a fool proof eclear system.

How do YOU benefit from air connect?

1. Peace of mind- you know your Eclear system is working 100%
2. It will prolong the life of the Eclear system and the pool because the Eclear will be properly maintained throughout its life
3. You can monitor the health of your E-Clear system.
4. You can Connect your NEW or EXISTING E-Clear Pool or House System via Wi-Fi directly to our SERVICE TECHNICIANS who will monitor the health of your E-Clear System hourly!
5. It's like having an E-Clear maintenance Technician In your pump room 24/7 365! In fact, a technician from E-Clear will contact you via WhatsApp, email or text message when we see any issue. We can then discuss how to best resolve the issue.
6. You'll never have to look at your E-Clear again.
COMPLETE peace of mind.
7. If your water goes off, you know it's not the Eclear that's not functioning properly -it makes finding the reason your water is off much easier.
8. We will remind you to change your consumables at exactly the optimal time. You don't waste money and your Eclear operates optimally at all times.
9. Peace of mind while you're away on holiday or business
10. A technician will contact you to make suggestions in case your pool water is off
11. You can contact a technician on a dedicated WhatsApp line anytime for problem solving help.
12. There is much less chance your pool water will ever go off.
13. We can tell you exactly when, how long and at what power your Eclear system is running at.
14. Information is stored permanently in the cloud for back reference.
15. Less downtime for commercial and industrial pools - equals more profit and happier customers!
16. No need to train new staff constantly
17. No need to even read the problem solving guide
18. Save on any sundry chemicals because your pool water should never need shocking

INSTALLATION- CONNECT THE ECLEAR SYSTEM TO YOUR WI-FI

After physical installation and balancing the water according to the installation guide, proceed to power up the E-Clear Air Connect system by switching on the power button on the underside of the device

A. Open the Wi-Fi page in your phone or tablet's settings. Find the eclear Wi-Fi device. Click on it and use default password 123456. Press enter.

Your E-Clear system is now connected to your local Wi-Fi network.

Now scan the QR code on the front of the E-Clear system.

This will take you to your devices App Store to download the brand new E-Clear app.

If your phone cannot read QR codes then search for the E-Clear app in your App Store.

1. Once the app is on your device, open the app. You will receive a 4 digit code which you can share with up to 4 other devices, either (your own or your pool maintenance company or installer or your other devices.

2. Enter your personal details on the registration page in the app and tick the box that says we can use your information only within E-Clear. We will never share your personal info.

**REGISTER WARRANTY
OR
SIGN UP FOR AIR
CONNECT SERVICE**

3. Choose the free option if you don't want us to monitor your E-Clear system. You can then use the app as a reference source for maintenance info and other helpful info for E-Clear customers

4. Choose the Air Connect service option if you want us to monitor your E-Clear system for any faults and adjust the system parameters remotely and contact you regarding anything we can't adjust remotely to advise you how to correct the issue.

5. This is a proactive diagnostic monitoring service attached to your E-Clear system for a monthly service fee, which you can cancel at any time

6. If you represent a commercial entity, such as a hotel, spa, gym, hospital, or any other business then choose the professional option. This can monitor larger E-Clear systems. Each separate pool or body of water at the establishment will need a separate monitoring service but discounts are applicable for establishments with multiple pools or spas. Discounts also apply for paying for a year's service fees upfront

7. By clicking agree, you enter into a paid app contract with Google or Apple on a month to month basis until you cancel the AIR CONNECT service
